## REVISION HISTORY

Version No.	Date	Name	Revision Activity Description
1	1/11/2011		Initial version - release
2	3/15/2011		Updated version
3	10/26/2012		Updates w/reapportionment and renewals
4	11/13/2012		Added comments from NWR
5	5/23/2013		Added two-currency transfers (vessel accounts only), other edits
6	10/1/2013		Updated QS/VA renewals and notice about Google Chrome pop-ups
7	12/19/2013		Added QS % trading, initiate QS % transfers, pending incoming/outgoing QS % transfer.
8	10/7/2014		Updated links throughout help guide (latest IFQ release is 9/30/2014)
9	1/16/2015	Jacob Hodgen	Updated guide content and layout for IFQ v2.3
10	4/27/2015	Jacob Hodgen	Updated homepage scoreboard with new column information
11	7/22/2015	Jacob Hodgen	Updated contact information and IFQ build number
12	10/1/2015	Jacob Hodgen	Updated for IFQ build 2.4.2

## WELCOME TO IFQ

Welcome to the Individual Fishing Quota (IFQ) online system. This guide shows you how to do the following:

- Use the IFQ system as a quota share (QS) account holder or vessel account (VA) owner.
- View system messages, QS percentages per species and equivalent Quota Pounds (QP) for all QS permit holders, vessel account (VA) quota pound (QP) balances and transfers limits for all vessels, and a quota share calculator to estimate QS percentages for equivalent QP (and vice versa) before you log on to the IFQ system. This allows you to search for sector individual quota share (QS) %, and vessel names, owners, quota pound (QP) balances, and QP limits.
- Confirm surplus carryover and tribal reapportionment QP (VA only).
- Initiate, accept, decline, and retract QS and QP transfers.
- Review your IFQ catch data (VA owners).
- Check your QS and VA renewal status.
- Change your password.

## SYSTEM REQUIREMENTS

The IFQ online application requires the Adobe Flash Player browser plug-in, which may already be installed on your computer. Your web browser (Internet Explorer, Mac Safari, Firefox, etc.) will prompt you if you need to install or upgrade the Flash plug-in. You can download it from the Adobe website at <http://get.adobe.com/flashplayer/>.

[Appendix C](#) shows the prompt to install Adobe Flash Player if you attempt to run the IFQ application without the Flash application.

### Supported Web Browsers

Platform	Browser
Windows	Internet Explorer , Firefox, Chrome, Safari, Opera, AOL
Macintosh - OS X	Safari, Firefox, Chrome, Opera, AOL Desktop
Linux	Firefox, Chrome, SeaMonkey

If you have any questions regarding Flash, go to the [Adobe Flash Player](#) website for a complete list of system requirements.

Note: if you are having problems displaying popups on Google Chrome, please see Appendix D: Troubleshooting Display Problem with Popups Using Google Chrome.

## GETTING HELP

Pacific Coast Groundfish IFQ Support

Fisheries Permit Office

Phone: 206-526-4353

Fax: 206-526-4461

- 12/09/2013 Bay Delta Conservation Plan & Draft Environmental Impact Report/Environmental Impact Statement Available for Public Comment
- 12/05/2013 Climate & the Endangered Species Act: Conservation Biology publishes eight peer-reviewed papers authored by NOAA scientists and partners. Papers provide guidance on incorporating climate change into ESA decision making.

FISHWATCH FRESH FACTS SMART SEAFOOD

You can also click Fisheries -> Groundfish Trawl Catch Share Program (middle left):

The screenshot shows the NOAA Fisheries West Coast Region website. The header includes the NOAA logo and the text "NOAA FISHERIES | West Coast Region" and "NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION". A navigation menu on the left lists various categories, with "Groundfish Trawl Catch Share Program" circled in red. The main content area features a large image of a rescued olive ridley turtle with the text "RESCUED, REHABILITATED, AND RELEASED". Below this is a "Basin Highlights" section with a "Puget Sound" sub-section and an "Image Gallery" showing a fish. A "What's New" section contains a link to "IFQ Account Login" circled in red. A "FRESH FACTS SMART SEAFOOD" banner is also visible.

Click IFQ Account Login (in red, below), and you are directed to the IFQ home page.

The screenshot shows the NOAA Fisheries West Coast Region website with the "Groundfish Trawl Catch Share Program" page. The header is the same as the previous screenshot. The navigation menu on the left has "IFQ Account Login" circled in red. The main content area features a large image of a fisherman on a boat with the text "CATCH SHARES" overlaid. Below this is the "West Coast Groundfish Trawl Catch Share Program" section, which includes a detailed description of the program, a "Tools" section with "IFQ Account Login" circled in red, and a "Recent Announcements & Publications" section with a link to a Dec 11, 2013 announcement.

The IFQ home page displays the Quota Year, IFQ Species, Sector QP, Catch to Date, Carryover QP, and QP Remaining.

Click **All Messages** (upper left) to display general messages for all account holders and the public.

Click [Quota Share Account Balance](#) to display the QS permit, permit owner, IFQ species, QS %, allocated QP, and current QP balance.

Click [Vessel Account Balance](#) to display the vessel name, owner, IFQ species, current QP balance, and QP limit to transfer.

Click [Quota Share Calculator](#) to help QS permit owners estimate the current year quota pounds (QP) associated with QS percentages that they are considering trading.

Click [Notices](#) to see all notices from the West Coast Regional Office.

Click **Help** to view/print this help guide.

Click [Login](#) to access your QS or vessel account.

Click **Quota Year** to change the year displayed. **Go** and **Reset** are used with **Quota Year**.

Click [Vessel Limits](#) to display annual and daily QP limit amounts.

Click the **EXCEL** button to download a comma-separated values (csv) file of the data displayed.

The **Quota Share Account Balance** public page shows the quota year, QS permit number, QS permit owner, IFQ species, QS percent, allocated QP, current QS, and current QP balance.

The default (top right) view displays all permit owners and species. Enter a permit owner and/or species name to focus your search.

For example (below right), select **Quota-Share Owner Company 85** as the permit owner, click **Search**, and all the IFQ species, associated QS %, allocated QP, and QP balance are displayed for Quota Share Owner Company 85. Note you can click **Clear All Filters** to reset the search.

You can also enter the species name (e.g., Arrowtooth) to search for all QS percentages for Arrowtooth for all accounts.

You can also click the **EXCEL** button to download a comma-separated values (csv) file of this page.

**Quota Share Account Balance as of 01/15/2015 10:34:28**

The quota share (QS) percentages shown below reflect the current QS permit ownership amounts for each IFQ species. The quota pound (QP) balances shown for QS accounts are real-time, in that they reflect the most recent transactions. However, NMFS shall not be liable for any errors, omissions, or delays in such data. Until the method for distributing the QP issued for the adaptive management program (AMP) QS is developed and implemented, the resulting AMP QP will be issued to all QS permit owners in proportion to their non-whiting QS.

## VESSEL ACCOUNT BALANCE (PUBLIC PAGE)

The **Vessel Account Balance** public page for IFQ shows the quota year, vessel, vessel owner, IFQ species, QP balance, and QP limit to transfer in.

The default (top right) view displays all vessels and species. Select a vessel name and/or vessel owner from the drop-down box, and/or species name to focus your search. Click **Search** to initiate the search, or **Clear All Filters** to erase and start a new search.

**Vessel Account Balance as of 01/15/2015 10:34:28**

The quota pound (QP) balances and transfer limits shown below for vessel accounts are real-time, in that they reflect the most recent transactions and catch data. However, NMFS shall not be liable for any errors, omissions or delays in such data. Catch data (including updates and corrections) is uploaded to vessel accounts once per day around midnight, seven nights a week for landings data (first receiver and catch monitor data), and four nights a week for observer data (Sunday, Monday, Tuesday, Wednesday). QP balances shown here will change when actual vessel account balances change, due to new catch data uploads or QP transfers.

Search By Vessel Name  OR By Vessel Owner

And/Or Search By Species

Vessel	Vessel Owner	IFQ Species	QP Balance	QP Limit to Transfer In
1 Vessel Demo	AT SEA	Arrowtooth flounder	107,439	1,588,408
1 Vessel Demo	AT SEA	Bocaccio rockfish South of 40°10' N.	1,189	20,597
1 Vessel Demo	AT SEA	Canary rockfish	200	3,870

The **Quota Share Calculator** public page for IFQ shows the quota year, IFQ species, sector quota pounds, QS percentage, and QP amount.

For any/all species, click on the **QS Percentage** column, and then enter a percentage. The equivalent **QP Amount** will display in the far right column. You can also enter pounds in the **QP Amount** column, and the equivalent **QS Percentage** is displayed. This allows users to estimate QS % and equivalent quota pounds (or vice versa) before a QS trade has been initiated.

Click [Vessel Limits](#) to view the Shorebased Trawl Vessel Limits for daily, annual, and non-whiting total limits. Note these vessel limits can change between the initial and final allocations.

Click [Accumulation Limits](#) to view the QS % limit per species and for the aggregate non-whiting % allowed by the IFQ system. QS % transfers are checked against these individual species and aggregate limits before QS % transfers are allowed.

You can also click the **EXCEL** button to download a comma-separated values (csv) file of this page.

Quota Share Calculator for Pacific Coast Groundfish

This calculator is a tool designed to help QS permit owners estimate the current year quota pounds (QP) associated with QS percentages. Please note that any sale of QS will not become effective until January 1st of the following year, and that the sector allocations are subject to change. Click on any zero in the "QS Percentage" or "QP Amount" columns below, and the other column will automatically calculate the equivalent amount for the current year.

## CHANGE YOUR PASSWORD

At your initial logon, you are prompted to change your password, and you must answer two of six secret questions. The password must meet the following criteria:

- Contain no spaces
- 12 character (minimum) length
- Have at least three of the following four character types:
  1. Lowercase letter,
  2. Uppercase letter,
  3. Number, and
  4. Special characters:  
! @ # \$ % ^ &  
\* + = ( ) . ` ~ \_ -

*Note: Your password must be reset every 180 days (six months). If your password has not been changed in that six month time period, you will be taken to the change password page on your next log on.*

NOAA HOME WEATHER OCEANS FISHERIES CHARTING SATELLITES CLIMATE RESEARCH COASTS CAREERS

NOAA PACIFIC COAST GROUND FISH INDIVIDUAL FISHING QUOTA NATIONAL MARINE FISHERIES SERVICE

You must change your Password on your first login. Items with a \* are required.

User ID

New Password \*

Retype New Password \*

Password must be at least 12 characters long. Password must contain no spaces. Password must contain 3 of these:  
- lowercase letter  
- uppercase letter  
- number

Please answer two of the following six secret questions. This information is used when you loose or forget your password.

Select a Secret Question 1 \* What street did you grow up on? Secret Answer 1 \* main

Select a Secret Question 2 \* What is your favorite song? Secret Answer 2 \* my way

Please provide your e-mail address. If no e-mail is provided, all correspondence will be done by certified mail.

Email somethingfishy@fish.com

Continue Cancel

Click the drop-downs to select two secret questions, and type in the answers. These answers are used to verify your identity in case you forget your password.

Enter an e-mail address (if you have one), and then click **Continue** (bottom right in the screenshot above) to save your account credentials. You will need to login again with your new password. Click **Cancel** to lose all changes.

Please keep your user ID, password, and answers to the secret questions in a safe place. If you lose this information, it may take several days for NMFS to send a temporary password.

**Account Balance -> QP Balance Summary**

After logging on, QS users see this page. Vessel account users see the **VA Account Balance** page (p. 30).

This **Quota Share (QS) Account Balance Summary**, with the default **QP Balance Summary** page displaying the following columns:

- Quota year
- IFQ species
- Sector QP (entire fishery)
- Your individual QS % (by species)
- Allocated QP (which includes any NWR administrative adjustments)
- Adaptive Management Program (AMP) pounds, an administrative adjustment
- Total QP
- QP transferred out
- QP pending outgoing transfers, and
- QP available for transfers.

Click **Quota Year** to change the year displayed. **Go** and **Reset** are used with **Quota Year**.

Click **Vessel Limits** to view the Shorebased Trawl Vessel Limits for daily, annual, and non-whiting total limits. Note these vessel limits can change between the initial and final allocations.

Click the **EXCEL** button to download an MS Excel file (CSV format) of your QS account balance summary.

*Note: Hover your mouse over any column heading to display tooltips.*

Quota Year	IFQ Species	Sector QP (A)	QS Percent (B)	Allocated QP (C) = (A*B)	AMP QPs (D) = [(B/0.9)*A] - [B*A]	Total QP (E) = (C+D)	QP Transferred Out (F)	QP Pending Outgoing Transfers (G)	QP Available for Transfers = (E-F-G)
2013	Arrowtooth flounder	8,479,264	3.706	314,242	0	314,242	0	0	314,242

## IFQ DATA DISPLAYS

Quota share and vessel account data are generally displayed in tables. A scroll bar appears on a table's right side when all data does not fit within the table length. Click and drag the scroll bar button to view overflow rows. Some web browsers support additional user adjustments:

- **Sort a column:** Click the column header. Clicking it again reverses the sort.
- **Move a column:** Click a column, and drag it left or right.

Some PC versions/browsers support adjusting **column width** by clicking and dragging the divider between headings.

The screenshot shows a table with the following columns: IFQ Species, Available Pounds, Transfer Pounds, Cost/lb, and Cost per Category. The 'Available Pounds' column has a small '1' and a downward arrow next to its header, indicating it is sorted. A callout bubble points to the 'Available Pounds' header with the text: "Click on column header to sort table. Click again to reverse sort." Another callout bubble points to the vertical scroll bar on the right side of the table with the text: "Click & drag scroll bar button to view overflow rows." The table contains four rows of data:

IFQ Species	Available Pounds	Transfer Pounds	Cost/lb	Cost per Category
Chilipepper Rockfish South of 40°10' N	9185	0	0	0
Sablefish South of 36° N.	8925	0	0	0
Pacific Whiting	8845	0	0	0
Yellowtail Rockfish North of 40°10' N.	8815	0	0	0

## QS ACCOUNTS: QP TRANSFER SUMMARY

### Account Balance -> QP Transfer Summary

Click the **QP Transfer Summary** tab to display all transfer actions (accepted, declined, pending, retracted, or expired). Note that QP transfers can only go to vessel accounts (VA).

**Click a row** (right) to highlight details of a QP transfer action (status, vessel name/owner/ID, QP, cost, data initiated, etc.).

For example, the highlighted transfer to the 1 Vessel Demo account shows 100 lbs. of Canary rockfish at \$10/lb. This transfer is pending.

The screenshot shows the NOAA Pacific Coast Groundfish Individual Fishing Quota (IFQ) system interface. The header includes the NOAA logo and the text "PACIFIC COAST GROUND FISH INDIVIDUAL FISHING QUOTA NATIONAL MARINE FISHERIES SERVICE". The page is titled "DEMO DATABASE". The navigation menu includes: Account Balance, Initiate Transfers, Pending Transfers (0), Renewal Status, Messages (2), Change Password, Notices, Help, and Logout. The main content area shows the "QP Transfer Summary" tab selected. The page displays the date and time "12/13/2013 15:46:25" and the "Quota Share Account: QSDemo103". There are buttons for "EXCEL" and "View PDF". A "Quota Year" dropdown menu is set to "2013", with "Go" and "Reset" buttons. The main table has the following columns: Status, Vessel Name, Vessel Owner, Vessel ID, Total, Number of, Total Monetary, Date Initiated, Expiration Date, Date Completed, and Transaction ID. The first row is highlighted in blue and contains the following data: Pending, 1 Vessel Demo, AT SEA, 1001, 100, 1, \$1,000.00, 05/23/2013 12:09 PM, 06/06/2013 11:59 PM, and DE837DE. Below the main table is a summary table with the following columns: IFQ Species, QP, and Price per Pound. The first row of the summary table contains: Canary rockfish, 100, and \$10.00.

Status	Vessel Name	Vessel Owner	Vessel ID	Total	Number of	Total Monetary	Date Initiated	Expiration Date	Date Completed	Transaction ID
Pending	1 Vessel Demo	AT SEA	1001	100	1	\$1,000.00	05/23/2013 12:09 PM	06/06/2013 11:59 PM		DE837DE

IFQ Species	QP	Price per Pound
Canary rockfish	100	\$10.00

**Account Balance -> QS Balance Summary**

This page shows the QS percentage balances (including QS percentage transferred in/out, pending incoming/outgoing, and QS percentage available for transfer) by IFQ species. Trading of QS percentages was implemented for QS accounts on January 1, 2014, allowing QS account owners to perform trades by cash sale, barter, cash sale and barter, self-trade, or other form of trade.

For any outgoing QS percentage transfer to another QS account, the IFQ system checks against accumulation limits by species and total non-whiting accumulation limit. These accumulation limits are found in [50 CFR 660.140](#), the Shorebased Trawl Program.

QS percentage transfers can be completed in the Initiate Transfer page, where you can transfer QP to a vessel account, or a QS % trade to another QS account.

Quota Year	IFQ Species	Current Year QS% (Static) (A)	QS% Transferred In (B)	QS% Transferred Out (C)	Pending Incoming QS% (D)	Pending Outgoing QS% (E)	QS% Available for Transfers (F) = (A+B-C-E)

## QS ACCOUNTS: QS TRANSFER SUMMARY

### Account Balance -> QS Transfer Summary

This page shows a summary of the QS transfers, including pending, accepted, declined, retracted, and expired.

In the highlighted example, the QS account QSDEMO103 accepted a QS transfer of 2% of Dover sole for \$1 from QS account QSDEMO98. The details of the transfer, including transfer type (e.g., cash sale), to/from QS owner, total monetary, date initialized/expired/completed, and transaction ID.

The box below includes IFQ species, QS %, and QS price involved with the transfer.

You can view the details of any QS transfer in this section.

Click **Excel** or **View PDF** (highlighted in red at the right) to view/print the information for the transfer in an Excel or pdf file, respectively.

Initiate Transfers -> Initiate QP Transfers

1. Click the **Select Quota Pound Type** drop-down menu, and choose a type: for example, "Tribal Reapportionment QP Transfer."

2. Check the **Available QP** for a species, and enter the amount to be transferred in the **Transfer QP** column. If you are selling QP on a price/lb. basis, enter this value in the **Price/Lb.** column. The **Value = Price x Pounds** column automatically calculates the value of the species transfer.

3. Select the type of transaction (**Cash Sale, Barter, Cash and Barter, Self-Trade, or Other**) by selecting one of the radio buttons.

4. Enter the total monetary compensation you are receiving for the QP transferred in the **Total Monetary Compensation** box.

*Note: This is a required field. If you are not receiving any monetary compensation for the transfer, you must still enter 0.*

If you are receiving something in trade for the transferred QP (e.g., QP of other species), select **Barter**, and describe in detail the items you are receiving in the **List in Detail All Non-Monetary Compensation for the Transfer** box. If this is an internal personal or company trade, select **Self Trade**. If this is some other type of transfer (e.g., a gift), select **Other**.

5. Click **Find Vessels** to display a list of vessels eligible to accept the transfer. Use the **Search** to find specific vessel names, vessel owners, or vessel ID. In the example (right), entering "1000" (without quote marks) returned all eligible vessels with "1000" in the vessel name.

6. Enter the number of days the transfer remains active in the **Transfer will expire in [XX] days (max 14)**. You can retract this transfer at any time if the transferee has not taken action (accepted/declined) on the transfer.

**Find QS Owners** Found 137 QS Permits.

Select the QS Permit Owner to whom you want to permanently transfer your QS percentage(s) by clicking on a row below. The receiving QS owner must be eligible to receive the QS percentage(s) based on the [Accumulation Limits](#). Changing the amount of Transfer QS above will clear this list. Click **Find QS Owners** to regenerate the list.

Search:

QS Permit Number	QS Permit Owner
QS10	Quota-Share Owner Company 10
QS10	Quota-Share Owner Company 10-t
QS100	Quota-Share Owner Company 100
QS101	Quota-Share Owner Company 101

Transfer will expire in  days (max 14).

**Next**

7. The Quota Share Transfer Notice is displayed, to ensure the QS owner that the transfer is permanent. The QS transfer affects the allocated amount of QP for the following year.

Check *I have read and understand the above notice*, and click **Next** to proceed, or **Cancel**.

**Quota Share Transfer Notice** ✕

The transfer of a quota share (QS) percentage is permanent. You (the current owner) will continue to receive any quota pounds (QP) based on the amount of QS you started with for the remainder of the calendar year.

However, at the start of the next calendar year and into the future, the new owner will receive all allocated QP associated with any transferred QS.

Please consider all QS transfers carefully before proceeding.

\*  I have read and understand the above notice.

8. Check the details of this transfer. If the information is correct, click **Confirm**. To make changes, click **Cancel** to return to the previous page and make the necessary corrections.

9. Clicking **Confirm** changes the QS % status from **Available** to **Pending**, and generates the screen on the next page.

*Note: a transfer of QS% to a vessel account is not complete until the vessel owner accepts the transfer in his/her vessel account.*

**Quota Share Transfer Review** ✕

Verify the information below. If it is correct, click the **Confirm** button. If it is not correct, click the **Cancel** button to return to the **Initiate Transfer** screen.

**Retract Transfer**

The **Quota Share Permit and Account Renewal** page allows you to renew your QS account between October 1 and November 30 each year. You must renew your QS permit and QS account each year **by November 30** to be eligible to receive QP the following year. A reminder letter is sent to you in September each year from the NWR Permits Office by regular mail.

1. Read the instructions, **scroll to the bottom of the page**, and click **Start Renewal**.

*Notes: The example shown is the entirety of the first page, but you must use your scroll bar to see the Account Renewal button.*

*Adobe Reader is required to complete the renewal process. Click the link to install Adobe Reader.*

2. **Contact Information** is displayed. If the information displayed is correct, check the box below to confirm the accuracy, and click **Continue**. *Don't forget to scroll down to see the **Edit** button.*

*Note: If at any time you select **Exit** during the renewal process, the system will not save your progress, and you will need to begin the renewal process again.*

If the information is not correct, click **Edit**.

The information can now be edited, and you can correct any of the fields. Click **Save** to confirm your edits or **Cancel** to revert them.

When complete, check the box, and click **Continue**.

### Contact Information

Please review the contact information below for accuracy, and scroll down to view all information. If correct, verify these changes by checking the box below. To make changes, click the Edit button below and enter the correct information. If you update your contact information, the changes will apply to all permits and vessels owned by this entity in the Fisheries Permit Office database.

**Fields with an asterisk (\*) cannot be blank.**

---

3. The **Trawl Identification of Ownership Interest** form is displayed, with the QS permit and owner shown. Note that none of this information can be edited.

You must review the ownership information that the NWR Permits Office has on record by clicking **Ownership Interest Form** to download a PDF.

If the information presented in the PDF is correct, click **Correct Ownership Interest Form, No Corrections Needed**.

If there are corrections needed, click **Incomplete or Incorrect Ownership Interest Form, Additional Information or Corrections Necessary**. This will notify the NWR Permits Office that the information on record is not correct. You must submit an ownership interest form with the correct information to the Permits Office.

Check the box to confirm you have reviewed the information, and click **Continue** or **Exit**.

*Note: You must click the link (circled in red) to review the information. You cannot continue unless you open the form.*

**Trawl Identification of Ownership Interest**

A trawl identification of ownership interest form must be submitted to renew your QS permit and account. Any individual who has 2% (or greater) ownership interest in the permit must be listed on this form.

To reduce the burden on the public, NMFS has compiled your most recent QS permit ownership information for you to review and certify online. However, if any of the QS permit ownership information has changed, there is no way to enter these changes online as part of the renewal and you will need to submit a new form by mail.

Please click on the ownership interest form link (blue link) below. Open the Adobe PDF file, review the information for accuracy, and return to this renewal screen. If the information in the file is correct as given, indicate this below and continue with the renewal. You will not need to mail any information separately if the form shown here is correct. However, if the information in the file is incorrect or incomplete, you will need to indicate this below, continue with the renewal, and then mail a new ownership interest form to NMFS postmarked no later than November 30.

The contact information (address, phone, fax and email) in this ownership interest form is static, so if you have updated any contact information for this permit owner since September 15, you will not see the new information reflected in this form. You may still approve the attached ownership interest form if contact information is not up to date, as long as the ownership interest structures and percentages are correct as given. Additionally please note that for this form, NMFS has only listed the permits and vessels for which you must complete a trawl identification of ownership interest form (QS permits, vessel accounts, MS permits, and MS/CV-endorsed limited entry permits). So if you also own a non-MS/CV endorsed trawl permit, a fixed gear-endorsed limited entry permit, or a vessel that does not have a vessel account, those permits and vessels will not appear in the form.

QS Permit Number

QS Permit Owner Name

Ownership Interest Form [Ownership Interest Form \(CLICK HERE\) - Enable Popups](#)

**Correct Ownership Interest Form, No Corrections Needed**  
The ownership interest information presented in this PDF link is correct as given, and I will not need to mail an ownership interest form to NMFS to complete this renewal request.

**Incomplete or Incorrect Ownership Interest Form, Additional Information or Corrections Necessary**  
The ownership interest information presented in this PDF link is incorrect or incomplete as given, and I will mail a new ownership interest form to NMFS postmarked no later than November 30 in order to complete this renewal request.

\* I have reviewed the information above, and it is true and correct as given.

4. The **Small Business Certification** form requires QS permit owner to indicate if they are a small business (according to the definition outlined).

Click **Yes** or **No** to the question, and click the checkbox to confirm you have reviewed the information. Click **Continue** or **Exit**.

*Note: none of the information on this page can be edited.*

**Small Business Certification**

In preparing various rulemakings related to the Pacific Coast groundfish and other fisheries, the National Marine Fisheries Service (NMFS) is required to analyze the economic effect of such regulations. As part of the required analyses, NMFS must determine if permit and license owners participating in the fishery are big or small businesses as defined by the Small Business Administration (SBA).

QS Permit Number

QS Permit Owner Name

Small businesses. SBA has established size criteria for all major industry sectors in the US, including fish harvesting and fish processing businesses. The SBA also has established "principles of affiliation" to determine whether a business concern is "independently owned and operated." In general, business concerns are affiliates of each other when one concern controls or has the power to control the other or a third party controls or has the power to control both. NMFS is now using the following standards:

- **A business involved in fish harvesting** is a small business if it is independently owned and operated and not dominant in its field of operation (including its affiliates) and if it has combined annual receipts not in excess of \$20.5 million for all its affiliated operations worldwide.
- **A seafood processor** is a small business if it is independently owned and operated, not dominant in its field of operation, and employs 500 or fewer persons on a full time, part time, temporary, or other basis, at all its affiliated operations worldwide.
- **A business involved in both the harvesting and processing of seafood products** is a small business if it has combined annual receipts not in excess of \$20.5 million.
- **A wholesale business servicing the fishing industry** is a small business if it employs 100 or fewer persons on a full time, part time, temporary, or other basis, at all its affiliated operations worldwide.
- **For marinas and charter/party boats**, a small business is one with annual receipts not in excess of \$7.5 million.

Small organizations. The Regulatory Flexibility Act defines small organizations as any nonprofit enterprise that is independently owned and operated and is not dominant in its field.

Are you a small business or small organization according to the standards outlined above? Please check one box.

**YES, we are a small business or organization.**

**NO, we are a big business or organization.**

If you have any questions about these standards or the definition of affiliation, please call West Coast Regional Economist Steve Freese at 206-526-6113.

\*  I have reviewed the information above, and it is true and correct as given.

5. The **Renewal Certification** page requires the user to enter the name of QS owner or authorized representative, and to attest the named QS owner or authorized representative to the renewal certification statement.

Review the information, check the box, and click **Certify and Continue** or **Exit**.

**Renewal Certification**

To complete your online QS permit and account renewal, the named QS permit owner or an authorized representative must attest to the renewal certification statement by typing their name in the authorized representative field and checking the box below. Entering a title is optional.

**Fields with an asterisk (\*) cannot be blank.**

QS Permit Number

QS Permit Owner Name

Name of Authorized Representative \*

Title of Authorized Representative

By checking this box, I hereby declare, under penalties of perjury, that I am authorized to sign this form on behalf of the applicant, that I completed this form, and that the information contained herein is true, correct and complete to the best of my knowledge and belief.

6. The **Renewal Submission Confirmation** page confirms that your renewal request has been submitted. The NWR Permits Office will review your renewal request and notify you as to the status of your request via certified mail.

Click **Continue**.

**Renewal Request Submission Confirmation**

Congratulations – your QS permit and account renewal request has been submitted. NMFS will review your renewal request and mail you a letter, either to confirm receipt and approval of the renewal, or to request missing information if the renewal was incomplete. Please review your renewal status page, and submit any owed ownership interest forms or economic data collection (EDC) forms. Also, if you plan to renew several IFQ accounts, remember to close your browser between each renewal.

QS Permit and Account Renewal Request Submittal Confirmation Code  
**REN2014-10-07Q517:21:55**

7. The **Renewal Status** page displays the status of your submission, and if any more information is required.

Click **Blank Ownership Interest Form** to open and print a new ownership interest form to submit.

Click **Existing Ownership Interest Form (Click Here) – Enable Popups** to view and print your existing ownership interest form.

Click **Close** to complete the renewal process.

### Renewal Status

NMFS will review your renewal request and mail you a letter, either to confirm receipt and approval of the renewal, or to request missing information if the renewal was incomplete. Below is a summary of your renewal request. You may contact the Fisheries Permit Office with questions about your renewal status at (206) 526-4353.

Quota Share Permit Number	<input type="text"/>
Quota Share Permit Owner Name	<input type="text"/>
Renewal Status	Pending
Renewal Submission Date	10/07/2014
Renewal Approval Date	<input type="text"/>
Ownership Interest Status	Owed to NMFS

**Trawl Identification of Ownership Interest**  
Please note the Ownership Interest Status above.

If the status says **Completed Online**, you stated that the ownership interest form presented online was correct, and you do not need to mail a form to NMFS.

If the status says **Owed to NMFS**, you stated that the ownership information presented online was incorrect or incomplete, and you must mail a new ownership interest form to NMFS at the address below. You may click on the [Blank Ownership Interest Form](#) link below to print a blank form; or you may click on the [Existing Ownership Interest Form \(Click Here\) – Enable Popups](#) link below to print the ownership interest form displayed in your renewal and make changes as needed. Either way, the mailed form must have an original signature and notary seal.

[Blank Ownership Interest Form](#)
[Existing Ownership Interest Form \(Click Here\) – Enable Popups](#)

If you owe an ownership interest form, please mail the form to:  
 USDOC-NOAA-NMFS  
 Fisheries Permits Office  
 7600 Sand Point Way NE, Bldg. 1  
 Seattle, WA 98115-0070

**Economic Data Collection (EDC)**

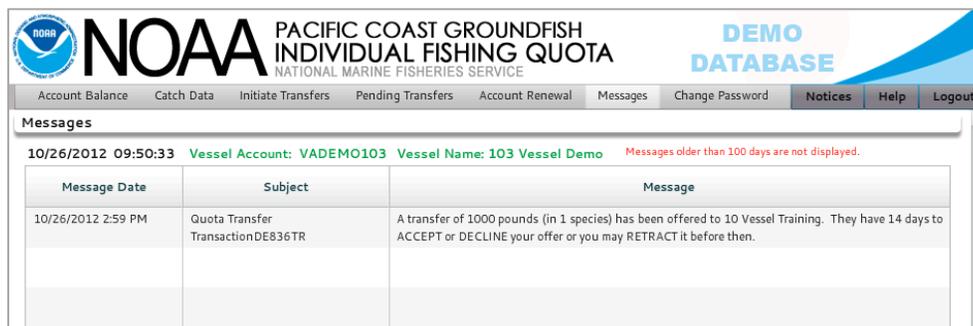

Below is the current status of your EDC form(s), and this status is subject to change. If you have any questions or concerns about the status of your EDC form(s), please contact the EDC team at the Northwest Fisheries Science Center directly at (866) 791-3726.

Message Date	Subject	Message
10/26/2012 2:59 PM	Quota Transfer TransactionDE836TR	A transfer of 1000 pounds (in 1 species) has been offered to 10 Vessel Training. They have 14 days to ACCEPT or DECLINE your offer or you may RETRACT it before then.

## CHANGE PASSWORD

See the [Change your password](#) section earlier in this document.

## VESSEL ACCOUNTS: VA ACCOUNT BALANCE

### Account Balance -> VA Balance

The **Vessel Account (VA) Balance Summary** displays QP balances for your vessel account, including quota year, IFQ species, QP transferred in/out, prior year deficit carryover, catch to date, pending QP transfer incoming/outgoing, other QP balance, current year QP balance, and available QP balance.

*Note: you will need your vessel account number when you land your IFQ species to create an electronic fish ticket.*

Any IFQ species appearing in red is in deficit. You have 30 days to cure the deficit by transferring QP.

*Note: Hover your mouse over any column heading to display tooltips.*

Click **Quota Year** to change the year displayed. **Go** and **Reset** are used with **Quota Year**.

Click [Vessel Limits](#) to view the Shorebased Trawl Vessel Limits for daily, annual, and non-whiting total limits. Note these vessel limits can change between the initial and final allocations.

Click the **EXCEL** button to download an MS Excel file (CSV format) of your QS account balance summary.

## VESSEL ACCOUNTS: TRANSFER SUMMARY

### Account Balance -> Transfer Summary

Click the **Transfer Summary** tab to display all transfer actions (accepted, declined, pending, or retracted) in your vessel account.

*Note: Administrative actions (e.g., carryover QP) will appear if credited in a given year.*

Select a row to view details of a transfer action (IFQ species, QP involved in transfer, and price per pound). These details are displayed in the box below.

For example, the highlighted transfer to the IFQ Vessel Owner 103 account shows 1000 lbs. of Arrowtooth flounder at \$5.25/lb. This transfer was accepted by this vessel, and so this vessel account was debited.

Catch Data -> By Trip

Click the **Catch Data** tab, and the **By Trip** page is displayed by default. This allows you to view your landings by trip, displaying landing date, original/latest processed date, fish ticket number, first receiver/catch monitor QP reported, landing amount, observer discards, and total catch debited.

Select a landing date, and the middle section and below are populated with details.

In the lower section, there are three tabs: **Summary**, **Current Details**, and **Historical Details**. Each provides specific information for the catch data.

Click the **EXCEL** button to download an MS Excel file (CSV format) of your catch data by trip, or click the **EXCEL** button (near bottom) to download an MS Excel file (CSV) of the **Summary**, **Current Details**, or **Historical Details** pages.

**Initiate Transfers**

1. Select the type of transfer you wish to initiate – **Current Year QP Transfer** (default), **Other QP Transfer**, or **Select Quota Pound Type**.

2. Check the Available QP for a species, and enter the amount to be transferred in the **Transfer QP** column. If you are selling QP as price/lb., enter this value in the **Price/Lb.** column. The **Value = Price x Pounds** column calculates the value of the transfer.

3. Select the type of transaction (**Cash Sale**, **Barter**, **Cash and Barter**, **Self-Trade**, or **Other**) by clicking a radio button.

4. Enter the total monetary compensation you are receiving for the QP transferred in **Total Monetary Compensation**.

*Note: This is a required field. Enter the amount of compensation to complete the transaction. If you are not receiving monetary compensation for the transfer, enter 0.*

5. Click **Find Vessels** to display a list of vessels eligible to accept the transfer. Use the **Search** to find specific vessel names, vessel owners, or vessel ID. In the example (above), "10" (without quote marks) returns all matches containing the number 10. Select the vessel name.

6. Enter the number of days the transfer remains active in the **Transfer will expire in [XX] days (max 14)**. You can retract this transfer if the transferee has not taken action (accepted or declined) on the transfer.

7. Click **Next**.

The **Vessel Account Renewal** page allows you to renew your vessel account October 1 –November 30 each year. You must renew your vessel account each year **by November 30** to be able to fish the following year, and to be eligible for surplus carryover. A reminder letter is sent to you in September each year from NWR by regular mail.

1. Read the instructions, scroll to the bottom of the page, and click **Start Renewal**.

*Notes: The example shown is the entirety of the first page, but you must use your scroll bar to see the Account Renewal button.*

*Adobe Reader is required to complete the renewal process. Click the link to install Adobe Reader.*

Vessel Account Renewal

10/08/2014 12:23:17

### Vessel Account Renewal

All IFQ vessel accounts must be renewed no later than November 30 through this online renewal tab. To begin, scroll to the bottom and click "start renewal". Be aware that if you exit the renewal screens before certifying and submitting your online renewal, no information will be saved and you'll need to start over. If you have questions or want to make sure your renewal was submitted, please call the West Coast Region Fisheries Permit Office at 206-526-4140.

You cannot renew a vessel account if you are not the current owner of the vessel. If you sold your vessel, you cannot renew. You must certify current vessel ownership as a part of the online renewal process.

#### Renewal Overview

Each page will have instructions, but here is an overview of what you can expect:

- [Contact Information](#): Verify or edit the current contact information for the vessel owner.
- [Ownership Interest Information](#): You will review the ownership interest information for the vessel owner by opening an Adobe PDF file. If what is presented is correct, you'll certify the form online. If the information presented is incorrect, you'll need to print out the form and mail it in.
- [Small Business Administration Question](#): You will indicate whether the vessel owner is a small business or not.
- [Renewal Certification](#): You will complete the online renewal and enter your name as an online signature to certify the renewal.
- [Renewal Confirmation](#): You will be presented with a confirmation page showing that your renewal application was submitted.

#### Reminders

- If you exit the renewal screens before certifying and submitting your online renewal, **no information will be saved**, and you'll need to start over.
- If you have multiple individual fishing quota (IFQ) accounts – quota share permits/accounts and/or vessel accounts – each must be renewed separately. Remember to close your browser

**Start Renewal**

2. The **Contact Information** for the vessel is displayed. If the information displayed is correct, check the box below to confirm the accuracy, and then click **Continue**.

*Note: If at any time you select **Exit** during the renewal process, the system will not save your progress, and you will need to begin the renewal process again.*

If the information is not correct, click **Edit**.

The information can now be edited, and you can correct any of the fields. Click **Save** to confirm your edits or **Cancel** to revert them.

When complete, check the box, and click **Continue**.

**Contact Information**

Please review the contact information below for accuracy, and scroll down to view all information. If correct, verify these changes by checking the box below. To make changes, click the Edit button below and enter the correct information. If you update your contact information, the changes will apply to all permits and vessels owned by this entity in the Fisheries Permit Office database.

**Fields with an asterisk (\*) cannot be blank.**

QS Permit Number	<input type="text"/>
QS Permit Owner Name	<input type="text"/>
Business Address *	<input type="text"/>
Business City *	<input type="text" value="SEATTLE"/>
Business State *	<input type="text" value="WA"/>
Business Zip Code *	<input type="text" value="98121"/>
Business Phone Number *	<input type="text"/>
Business Fax Number	<input type="text"/>
Business Email Address	<input type="text"/>

\*  I have reviewed the information above, and it is true and correct as given.

---

3. The **Trawl Identification of Ownership Interest** form is displayed, with the vessel name, vessel registration number, and vessel owner name. Note that none of this information can be edited.

You must review the ownership information that the NWR Permits Office has on record by clicking **Ownership Interest Form** (circled in red) to download a PDF).

If this information is correct, click **Correct Ownership Interest Form, No Corrections Needed**.

If corrections are required, click **Incomplete or Incorrect Ownership Interest Form, Additional Information or Corrections Necessary**. This will notify the NWR Permits Office that the information on record is not correct. You must submit this information to the Permits Office before your permit will be renewed.

Check the box to confirm you have reviewed the information, and click **Continue** or **Exit**.

*Note: You must click the link (circled in red) to review the information. You cannot continue unless you open the form.*

**Trawl Identification of Ownership Interest**

A trawl identification of ownership interest form must be submitted to renew your vessel account. Any individual who has 2% or greater ownership interest in the vessel must be listed on this form.

To reduce the burden on the public, NMFS has compiled your most recent vessel ownership information for you to review and certify online. However, if any of the vessel ownership information has changed, there is no way to enter these changes online as part of the renewal and you will need to submit a new form by mail.

Please click on the ownership interest form link (blue link) below. Open the Adobe PDF file, review the information for accuracy, and return to this renewal screen. If the information in the file is correct as given, indicate this below and continue with the renewal. You will not need to mail any information separately if the form shown here is correct. However, if the information in the file is incorrect or incomplete, you will need to indicate this below, continue with the renewal, and then mail a new ownership interest form to NMFS postmarked no later than November 30.

The contact information (address, phone, fax and email) in this ownership interest form is static, so if you have updated any contact information for this vessel owner since September 15, you will not see the new information reflected in this form. You may still approve the attached ownership interest form if contact information is not up to date, as long as the ownership interest structures and percentages are correct as given. Additionally please note that for this form, NMFS has only listed the permits and vessels for which you must complete a trawl identification of ownership interest form (QS permits, vessel accounts, MS permits, and MS/CV-endorsed limited entry permits). So if you also own a non-MS/CV endorsed trawl permit, a fixed gear-endorsed limited entry permit, or a vessel that does not have a vessel account, those permits and vessels will not appear in the form.

Vessel Name

Vessel Registration Number

Vessel Owner Name

Ownership Interest Form [Click here to view PDF file - Enable Popups](#)

**Correct Ownership Interest Form, No Corrections Needed**

The ownership interest information presented in this PDF link is correct as given, and I will not need to mail an ownership interest form to NMFS to complete this renewal request.

**Incomplete or Incorrect Ownership Interest Form, Additional Information or Corrections Necessary**

The ownership interest information presented in this PDF link is incorrect or incomplete as given, and I will mail my notarized ownership interest form to NMFS, postmarked no later than November 30 in order to complete this renewal request.

\*  I have reviewed the information above, and it is true and correct as given. Additionally, I certify that the vessel owner listed above is the current owner of this vessel, as documented by the United States Coast Guard or state registration.

4. The **Small Business Certification** form requires the vessel owner to indicate if they are a small business (according to the definition outlined).

Click **Yes** or **No** to answer the question, and click the checkbox to confirm that you have reviewed the information. Click **Continue** to go to the next step, or **Exit** to leave the vessel account renewal process.

*Note: none of the information on this page can be edited.*

**Small Business Certification**

In preparing various rulemakings related to the Pacific Coast groundfish and other fisheries, the National Marine Fisheries Service (NMFS) is required to analyze the economic effect of such regulations. As part of the required analyses, NMFS must determine if permit and license owners participating in the fishery are big or small businesses as defined by the Small Business Administration (SBA).

Vessel Name

Vessel Registration Number

Vessel Owner Name

Small businesses. SBA has established size criteria for all major industry sectors in the US, including fish harvesting and fish processing businesses. The SBA also has established "principles of affiliation" to determine whether a business concern is "independently owned and operated." In general, business concerns are affiliates of each other when one concern controls or has the power to control the other or a third party controls or has the power to control both. NMFS is now using the following standards:

- **A business involved in fish harvesting** is a small business if it is independently owned and operated and not dominant in its field of operation (including its affiliates) and if it has combined annual receipts not in excess of \$20.5 million for all its affiliated operations worldwide.
- **A seafood processor** is a small business if it is independently owned and operated, not dominant in its field of operation, and employs 500 or fewer persons on a full time, part time, temporary, or other basis, at all its affiliated operations worldwide.
- **A business involved in both the harvesting and processing of seafood products** is a small business if it has combined annual receipts not in excess of \$20.5 million.
- **A wholesale business servicing the fishing industry** is a small business if it employs 100 or fewer persons on a full time, part time, temporary, or other basis, at all its affiliated operations worldwide.
- **For marinas and charter/party boats**, a small business is one with annual receipts not in excess of \$7.5 million.

Small organizations. The Regulatory Flexibility Act defines small organizations as any nonprofit enterprise that is independently owned and operated and is not dominant in its field.

Are you a small business or small organization according to the standards outlined above? Please check one box.

Small organizations. The Regulatory Flexibility Act defines small organizations as any nonprofit enterprise that is independently owned and operated and is not dominant in its field.

Are you a small business or small organization according to the standards outlined above? Please check one box.

**YES, we are a small business or organization.**

**NO, we are a big business or organization.**

If you have any questions about these standards or the definition of affiliation, please call West Coast Regional Economist Steve Freese at 206-526-6113.

\*  I have reviewed the information above, and it is true and correct as given.

5. The **Renewal Certification** page requires the user to enter the name of vessel owner, authorized representative, and to attest the named QS owner or authorized representative to the renewal certification statement.

Review the information, check the box, and click **Certify and Continue** or **Exit**.

**Renewal Certification**

To complete your online vessel account renewal, the named vessel owner or an authorized representative must attest to the renewal certification statement by typing their name in the authorized representative field and checking the box below. Entering a title is optional.

**Fields with an asterisk (\*) cannot be blank.**

Vessel Name	<input type="text"/>
Vessel Registration Number	<input type="text"/>
Vessel Owner Name	<input type="text"/>
Name of Authorized Representative *	John Q. Public
Title of Authorized Representative	Designated Certifier

By checking this box, I hereby declare, under penalties of perjury, that I am authorized to sign this form on behalf of the applicant, that I completed this form, and that the information contained herein is true, correct and complete to the best of my knowledge and belief.

6. The **Renewal Request Submission Confirmation** page confirms that your renewal request has been submitted. The NWR Permits Office will review your renewal request and notify you as to the status of your request via certified mail.

Click **Continue**.

**Renewal Request Submission Confirmation**

Congratulations – your vessel account renewal request has been submitted. NMFS will review your renewal request and mail you a letter, either to confirm receipt and approval of the renewal, or to request missing information if the renewal was incomplete. Please review your renewal status page, and submit any owed ownership interest forms or economic data collection (EDC) forms. Also, if you plan to renew several IFQ accounts, remember to close your browser between each renewal.

Vessel Account Renewal Request Submission Confirmation Code  
**REN2014-10-08V413:01:07**

7. The **Renewal Status** page displays the status of your submission, and if any more information is required.

If you need to update the Ownership Interest information that NMFS has on record, click **Blank Ownership Interest Form** to open and print a new ownership interest form that can be mailed to the NWR Permits Office.

Click **Existing Ownership Interest Form (Click Here) – Enable Popups** to view and print your existing ownership interest form.

Click **Close** to complete the renewal process.

**Renewal Status**

NMFS will review your renewal request and mail you a letter, either to confirm receipt and approval of the renewal, or to request missing information if the renewal was incomplete. Below is a summary of your renewal request. You may contact the Fisheries Permit Office with questions about your renewal status at (206) 526-4353.

Vessel Name	<input type="text"/>
Vessel Registration Number	<input type="text"/>
Vessel Owner Name	<input type="text"/>
Renewal Status	Pending
Renewal Submission Date	10/08/2014
Renewal Approval Date	<input type="text"/>
Ownership Interest Status	Completed Online

**Trawl Identification of Ownership Interest**

Please note the Ownership Interest Status above.

If the status says **Completed Online**, you stated that the ownership interest form presented online was correct, and you do not need to mail a form to NMFS.

If the status says **Owed to NMFS**, you stated that the ownership information presented online was incorrect or incomplete, and you must mail a new ownership interest form to NMFS at the address below. You may click the **Blank Ownership Interest Form** link below to print a blank form; or you may click the **Existing Ownership Interest Form** link below to print the ownership interest form displayed in your renewal and make changes as needed. Either way, the mailed form must have an original signature and notary seal.

[Blank Ownership Interest Form](#)
Existing Ownership Interest Form(Click Here) – Enable Popups

If you owe an ownership interest form, please mail the form to:  
 USDOC-NOAA-NMFS  
 Fisheries Permits Office  
 7600 Sand Point Way NE, Bldg. 1  
 Seattle, WA 98115-0070

**Economic Data Collection (EDC)**

Below is the current status of your EDC form(s), and this status is subject to change. If you have any questions or concerns about the status of your EDC form(s) please contact the EDC team at the Northwest Fisheries Science Center directly at (866) 791-3726.

## APPENDIX A: 2014 SHOREBASED TRAWL VESSEL LIMITS

The latest Shorebased Trawl Vessel Limits are available for download from the website. Note that these numbers are subject to change, as an interim allocation is provided first. To find the current allocations, check the following URL:

[http://www.westcoast.fisheries.noaa.gov/publications/fishery\\_management/groundfish/vessel-limits.pdf](http://www.westcoast.fisheries.noaa.gov/publications/fishery_management/groundfish/vessel-limits.pdf)

### 2014 SHOREBASED TRAWL VESSEL LIMITS 9/12/2014

Below is a table showing the shorebased trawl vessel limits for IFQ and IBQ species in pounds based on the shorebased trawl allocations and resulting pounds for the Shorebased IFQ Program for 2014 (79 FR 28455, dated May 16, 2014; 50 CFR 660.140(d)(1)(ii)(D)), and the vessel limits specified at 50 CFR 660.140(e)(4). These values are used to calculate the amount of QP that can be transferred to a vessel account. Values in this table that increased from the interim 2014 Shorebased IFQ Program allocation are denoted in bold.

The **Annual QP Limit** is the total amount of QP (used, unused available, and pending outgoing transfers) that may be registered to a single vessel during the year. It applies to all QPs transferred in minus all QPs transferred out of the vessel account. The non-whiting groundfish species annual QP limit is an overall limit applied to every IFQ species (excluding Pacific whiting and Pacific halibut).

The **Daily QP Limit** is the total amount of unused QP (available QP balance minus pending outgoing transfers) that may be registered to a vessel at any time.

IFQ Category	2014 Shorebased Trawl Allocation (mt)	Total Pounds for Shorebased IFQ Program	QP Vessel Limit %	Associated Annual QP Limit (pounds)	Unused QP Vessel Limit (Daily Limit) %	Associated Daily QP Limit (pounds)
Arrowtooth flounder	3,467.08	7,276,603	20.0%	1,528,721		
Bocaccio rockfish South of 40°10' N.	79.00	14,185	15.4%	26,821	13.2%	22,990
Canary rockfish	41.10	3,300	10.0%	9,061	4.4%	3,987

Yelloweye rockfish	1.00	2,205	11.4%	251	5.7%	126
Yellowtail rockfish North of 40°10' N.	2,938.85	6,479,055	7.5%	485,929		
Non-whiting Groundfish Species	NA	122,941,683	3.2%	3,934,134		

## APPENDIX B: 2015 ACCUMULATION LIMITS

The latest Shorebased IFQ Program Accumulation Limits are listed below. Check the following URL for the latest updates:

[http://www.westcoast.fisheries.noaa.gov/publications/fishery\\_management/rawl\\_program/accumulation-limits.pdf](http://www.westcoast.fisheries.noaa.gov/publications/fishery_management/rawl_program/accumulation-limits.pdf)

QS and IBQ % pending transfers are checked against individual IFQ species and total non-whiting limit (2.7%) before allowing the QS or IBQ % transfer to be completed. Note that any sale of QS or IBQ % will not become effective until January 1st of the following year, and that the sector allocations are subject to change.

### 2014 SHOREBASED IFQ PROGRAM ACCUMULATION LIMITS 12/16/2013

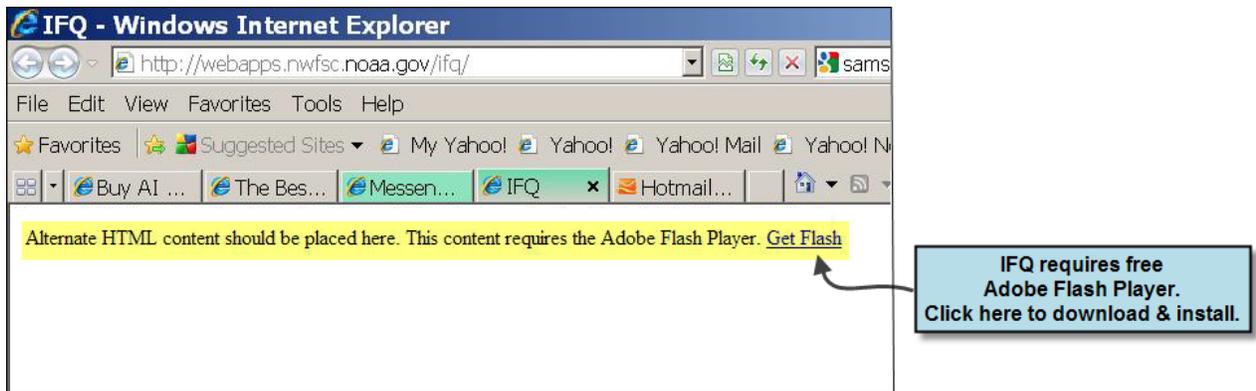

Below is a table showing the shorebased IFQ program accumulation limits as specified at 50 CFR 660.140(d)(4)(i)(C). These values are used to calculate the amount of quota shares that can be transferred to a quota share account.

The QS and IBQ Control Limits are accumulation limits and are the amount of QS and IBQ that a person, individually or collectively, may own or control. QS and IBQ control limits are expressed as a percentage of the Shorebased IFQ Program's allocation.

IFQ Category	Quota Share Control Limit (%)
Arrowtooth flounder	10.0%
Bocaccio rockfish South of 40°10' N.	13.2%
Canary rockfish	4.4%
Chilipepper rockfish South of 40°10' N.	10.0%
Cowcod South of 40°10' N.	17.7%
Darkblotched rockfish	4.5%
Dover sole	2.6%
English sole	5.0%
Lingcod N. of 40°10' N. lat.	2.5%
Lingcod S. of 40°10' N. lat.	2.5%
Longspine thornyheads North of 40°10' N.	6.0%
Minor shelf rockfish North of 40°10' N.	5.0%
Minor shelf rockfish South of 40°10' N.	9.0%
Minor slope rockfish North of 40°10' N.	5.0%
Minor slope rockfish South of 40°10' N.	6.0%
Other flatfish	10.0%
Pacific cod	12.0%
Pacific halibut (IBQ) North of 40°10' N.	5.4%
Pacific ocean perch North of 40°10' N.	4.0%
Pacific whiting	10.0%
Petrale sole	3.0%
Sablefish North of 36° N.	3.0%
Sablefish South of 36° N.	10.0%
Shortspine thornyheads North of 34°27' N.	6.0%
Shortspine thornyheads South of 34°27' N.	6.0%
Splitnose rockfish South of 40°10' N.	10.0%
Starry flounder	10.0%
Widow rockfish	5.1%
Yelloweye rockfish	5.7%
Yellowtail rockfish North of 40°10' N.	5.0%
Non-whiting Groundfish Species	2.7%

## APPENDIX C: EXAMPLE OF ADOBE FLASH PLAYER MISSING

Sample screen when Adobe Flash Player is missing.

## APPENDIX D: TROUBLESHOOTING DISPLAY PROBLEM WITH POPUPS USING GOOGLE CHROME

Quota share (QS) and vessel account (VA) renewals do not display popups on the Google Chrome browser. Workaround:

1. Go to <chrome://plugins> , and click **Details** (far right) to expand the list.
2. Scroll down to Adobe Flash Player, and click **Disable**, just below the PepperFlashPlayer.plugin:

---

**Adobe Flash Player (2 files) – Version: 11.8.800.170**  
Shockwave Flash 11.8 r800

Name:	Shockwave Flash	
Description:	Shockwave Flash 11.8 r800	
Version:	11.8.800.170	
Location:	/Users/kannapelle/Library/Application Support/Google/Chrome/PepperFlash/11.8.800.170 <b>PepperFlashPlayer.plugin</b>	
Type:	PPAPI (out-of-process)	
	<b>Disable</b>	

MIME types:	MIME type	Description	File extensions
	application/x-shockwave-flash	Shockwave Flash	.swf
	application/futuresplash	Shockwave Flash	.spl

3. Close your browser and reopen it. Popups should now be displayed. Optionally, use Firefox.
